# How Toronto's Federation for Community Service Stands Today!

As the Federation for Community Service has grown to be an important factor in the welfare work of the City of Toronto, the Budget Committee desire that the present Financial Standing be well known by the more than 45,000 people who subscribed to the campaign last Fall. Everyone is urged to go over these figures carefully, as only by doing this can the work of the Federation for Community Service be fully understood.

NOTE—All budgets passed (tentatively) are subject to revision by Budget Committee, in light of conditions shown by monthly Financial Reports by Treasurers of Organizations.

## What the Money is Doing

The Federation collects and administers funds and submits proposals that enable all its Member Organizations to do their work among the needy for our city more thoroughly and at a vast saving of time, money and energy.

The deficit shown above must be met—or many dependent families, aged people, infants and orphans will suffer.

If, therefore, you have not already subscribed to the Federation for Community Service, here is your opportunity—and you are assured that your every dollar will be sent to relieve those in distress.
